

Florence Town Board
Box 96
Frontenac MN, 55026

Dear Neighbors,

The residents of Florence Township, Board of Supervisors and Planning Commission came together in 2003 to formulate a set of guidelines to be used as a Long Range Plan for the Township. Many of the goals that were set at that time are now in place and it is time to review the work that was done and set goals for the future. We are asking for your help in this important task. We have created a survey to make this easier. The survey can be found online at www.florencetwp.org. Please take time to full out the survey and return it with your thoughts and vision for the future of the Township. When you are finished you can either submit the survey online or mail it back to PO box 97, Frontenac, MN 55026 or slip it in the ballot box outside the town hall.

Thank you for your support,

Florence Township supervisors
